

► CEADO

E15

PRODUCT INFO

Coffee ground with consistency and precision. Boasting the lowest motor rpm on the market and personalised burrs, E15 goes beyond the expectations of any high-level expert.

KEY FEATURES

- Quiet, efficient and easy to clean, thanks to the magnetic safety system of the removable grid
- 240RPM — The extremely low-speed motor and exclusive conical burrs guarantee the freshest grind on the market
- Steady Lock Grinder — unique in the world, this system ensures a constant distance between the burrs, perfectly keeping the chosen grinding consistency
- Quick Set Revolution — revolutionary stepless infinitesimal grinding adjustment for a simpler, faster, more accurate result, making it simple to obtain required particle size
- Consistency — Motors with locked bearing optimise heat dispersion and prevent thermal expansion from affecting the particle size by keeping grinding constant, whatever the working conditions

CEADO E15 Ø 71/ CONICAL BURRS
