

▶ HGZ REX ROYAL

S200

PRODUCT INFO

HGZ are a Swiss-based company who pride themselves on their commitment to innovation and quality. This can be seen with their ground-breaking machinery, such as the Rex Royal, which boasts a multi-function touch screen, and durable, maintenance-friendly brewing unit.

KEY FEATURES

- 'Perfect Brew' — proven efficient brewing group made with high-quality components for optimal extraction (up to 15.5 grams)
- Self-priming milk solutions include fine-foam adjustments
- Volumetric water pump & stainless steel gear milk pump
- Double-shot function for an extra shot
- Touch light control panel with clear symbol arrangement
- Easy operation and maintenance thanks to visual user prompts and automated cleaning
