

► NUOVA SIMONELLI

MYTHOS ONE

PRODUCT INFO

Mythos One by Nuova Simonelli is the pinnacle of grinding excellence. It is the first on-demand grinder with Clima Pro technology, the innovative intelligent management system that ensures a consistent dose and quality espresso extraction every time.

KEY FEATURES

- Clima Pro Technology – New technology with thermal stability system that grant maximum consistency of each dose
- Ergonomic Front – Open lines of sight to the grounds dispensing and grind adjustment knob, along with the led illuminated work space
- Long Life Burrs – Titanium burrs guarantee more efficient and long lasting grinding *up to 1200kg of coffee.
- Quietness – New technical solutions ensure extreme operational silence and ensure a pleasant atmosphere in the coffee shop
- Clump Crusher – Total elimination of static cling from the ground particles. The dose is dropped into the centre of the portafilter with less than a gram of grounds retained between dosers, reducing the need to purge between doses and waste beans.
- Micro Grind Adjustment – allows for optimum control of grind coarseness.
